

MRL ARTICULATED TUG & BARGE (ATB) MASTER COMPETENCY ASSESSMENT – Phase 4 Part A

In line with "Resolution 8 STCW 1978 as amended – promotion of technical knowledge, skills and professionalism of seafarers", ATB Masters are to be assessed on their ATBs operational and procedural knowledge. This Competency Assessment will apply to all partnership personnel who are trained to serve or relieve on the ATBs as Master. The SeaWays Training Master acting as "Competency Assessment Master" (CAM) will monitor the ATB Master's vessel handling technique, adherence to Standard Operating Procedures, Bridge Resource Management protocols and overall competency. At the completion of each section (as listed below) the CAM will make relevant comments, ask & answer questions and offer advice if necessary. A record of the training will be completed on the Phase 4 Training Record. If the ATB master is assessed by the CAM to not be competent in an area of operation, they will be given further training and rechecked as soon as practicable after the original competency assessment.
