

MinRes Marine (MRM) ATB MASTER COMPETENCY ASSESSMENT – Operational Proficiency Passing in the Swing Basin

In line with "Resolution 7 STCW 1978 as amended – promotion of technical knowledge, skills and professionalism of seafarers", ATB Masters are to be tested on their operation and procedural knowledge for ATBs Passing in the Wheatstone LNG Swing Basin. This Competency Assessment will apply to all partnership personnel who are trained to serve or relieve on the ATBs as Master. The SeaWays Training Master acting as "Competency Assessment Master" (CAM) will monitor the ATB Master's vessel handling technique, adherence to Standard Operating Procedures, Bridge Resource Management protocols and overall competency. At the completion of each section the SeaWays Training Master will make relevant comments, ask & answer questions and offer advice if necessary. A completed and signed pro-forma will be provided to the ATB Master, MRM Management, PortWays and SeaWays. If assessed not competent, further training and re-check will be scheduled.
