

# CERTIFICATE OF MEDICAL FITNESS

This Certificate of medical fitness is to be used by an AMSA appointed Medical inspector in conjunction with the following documents:

- Standards for the medical examination of seafarers and coastal pilots
- Medical examination report (AMSA 232)

Both of these documents can be found on the AMSA website: [www.amsa.gov.au](http://www.amsa.gov.au)

## The Standards

*Marine Order 76 (Health—medical fitness) 2017* requires that a Medical inspector have regard to the *Standards for the medical examination of seafarers and coastal pilots* and the relevant job task analyses contained within.

The assessment of medical fitness for service at sea is a matter for the Medical inspector's professional judgement. The Standards are to assist a Medical inspector in coming to a decision.

Part B of the Standards contains the medical standards including tests that are either desirable or essential to carry out. The Standards also suggest areas where it may be appropriate or mandatory to refer a person for further testing.
